While you are away on vacation, why not treat your pet to a vacation too? At Dutchtown Animal Hospital, we have three types of boarding available for dogs: traditional boarding, spacious indoor/outdoor runs and our popular luxury condos. All of our boarders enjoy several daily walks, plush bedding and a bedtime treat. Extra playtime in our playgroup is also available.

And of course, we want to treat our feline friends to a relaxing and enjoyable visit in our quiet cat ward. Cats can choose between traditional boarding or our exclusive cat condos, where resting in their window perches they will be entertained by our arbor bird feeders.
